Love Let Go Project Proposal : Entry # 1356

We have quickly realized the value of making our worship services available online during this time of social distancing. This builds on the momentum we've achieved here, to continue carrying our worship beyond our walls. It make our services accessible to our home-bound members, those who are unable to attend due to other obligations, and the broader community. It also allows prospective members to find us and to experience our worship style without having to face the ordeal of being a stranger in a new church. and hopefully opens the door to them, one day, attending in person

Anticipated Start Date

06/30/2020

Anticipated End Date

09/30/2020

Other information you would like to share with the committee:

Overall cost is very much a ballpark estimate. A lot of factors go into how we would want to achieve this. A big unknown is how many hours and at what rate we would make use of a multimedia person.
